

Natural Selection Vocabulary

As you read the handout on natural selection, write a definition from the reading and come up with a sentence explaining an example of what the word means.

Definition:

Natural Selection

Sentence Example:

Definition:

Genetic Diversity

Sentence Example:

Definition:

Mutation

Sentence Example:

Definition:

Favorable Traits

Sentence Example:

Definition:

Adaptation

Sentence Example:

Definition:

Speciation

Sentence Example:

Fold this paper in half, and glue to NOTEBOOK PAGE 51. On the outside cover of this page draw a picture of an animal (COLORED and NEAT), and write a sentence explaining what that animal's adaptation is and how the adaptation helps the animal survive.

Animal Adaptations – p. 51

Cover picture: AFTER YOU'VE FINISHED THE VOCABULARY ON THE INSIDE, draw a picture of an animal (COLORED and NEAT), and write a sentence explaining what that animal's adaptation is and how the adaptation helps the animal survive.
